

Dear Harold Wilson Tumwitike,

Thank you very much for submitting your abstract for the 19th **WaterNet**/WARFSA/GWPSA Symposium to held in Livingstone, Zambia later this year. I am pleased to notify you that the following abstract which you submitted has been accepted for poster presentation:

Title: Spatial and Temporal geostatistical analysis of the groundwater quality in an Alluvial Aquifer of Karonga Malawi

May I request you to start developing your full paper which should be uploaded on EasyChair by the 30th August 2018. You have to use the same account which you used in submitting the abstract. Once you get into your account go to Submissions >>> Update File to your top right corner. Kindly update your abstract with the full paper in PDF format. Guidelines for developing the full paper are available on <http://www.elsevier.com/journals/physics-and-chemistry-of-the-earth/1474-7065/guide-for-authors>.

May I also take this opportunity to encourage you to register and pay your registration fee on time. Early bird registration has been extended until further notice. Registration can be done on <http://www.waternetonline.org/annual-symposium/registration>. You can also generate an invoice on the same link.

Could you please ensure that you book your accommodation on time. The Symposium will be held at the AVANI Victoria Falls Resort. A favourable rate has been agreed for symposium participants with Avani. Kindly use this link to book your accommodation at Avani, https://secure.minorhotels.com/rooms.aspx?language=en&hc=VVIC&checkin=30/10/2018&nights=4&rooms=1&adults=1&group=WAT1018_003&bc=AV. Other accommodation facilities have been identified and this information including visa, travel and exchange rates can be accessed from the Zambia Brief on <http://www.waternetonline.org/annual-symposium/travel-and-accommodation>.

Best regards,

Krasposy Kujinga
